# Elevate Productivity with
Microsoft 365 Modern Workplace Security

Microsoft 365 is the AI-powered productivity suite that delivers foundational Zero-Trust security, enterprise grade device and app management, and robust collaboration capabilities. It understands the context of your data and knowledge across the organization to increase productivity securely across your organization.
Set Up A Strong Zero-Trust Foundation

- Secure and manage identities
- Defend against threats on multi platforms
- Protect sensitive information across data estate

Streamline Endpoint Management

- Improve IT efficiency
- Manage and protect any endpoint
- Deliver the best experience with Windows 11

Drive Productivity and Collaboration

- Empower employees with productivity apps
- Get everyone connected and working together
- Bring your data to life with Semantic Index

Cut through complexity and get to the new era of work

Three Simple Steps

1 | **Set up a strong Zero-Trust foundation**
Verify explicitly, use least privilege access, and apps

2 | **Streamline endpoint management**
Protect, manage and support all endpoints and apps

3 | **Drive productivity and collaboration**
Improve productivity and foster a culture of collaboration with connected experiences

Optimize and reduce costs with Microsoft 365 E3

Cut licensing costs by 60% or more compared to a patchwork approach of dedicated solutions.

Cut employment, integration, management, and related costs that come with a patchwork approach of dedicated solutions.

Reduce wasted time and effort investing in a solution designed for more seamless integration.
